

Computer-Based Safety Training

ST0003 HEARING CONSERVATION SAFETY TRAINING

In order to heighten awareness of hearing conservation, this program explains the anatomy of the ear, how noise can cause hearing loss, and how to prevent hearing loss.

- Module 1 Awareness
- Module 2 Hearing Process
- Module 3 Causes of Hearing Loss
- Module 4 Reducing Exposure
- Module 5 Hearing Protection Devices
- Module 6 Proper Use and Care
- Module 7 Personal Responsibility

ST0004 RESPIRATORS AND HOW TO USE THEM

This program provides important facts regarding respirator use. Students will feel more secure wearing respirators once they know how to properly use them.

- Module 1 Basic Respiratory Protection
- Module 2 Types of Protection (1/2)
- Module 3 Types of Protection (2/2)
- Module 4 Fit Testing
- Module 5 Qualitative Testing
- Module 6 Testing Procedure

ST0005 BLOODBORNE PATHOGENS

This program is designed for all audiences and can be used to train anyone who is required to provide first aid or CPR. Topics include HIV, Hepatitis B, transmission methods, and personal protection.

- Module 1 HIV, HBV
- Module 2 Risk Factors
- Module 3 Reducing Exposure
- Module 4 Cleaning and Sanitizing Equipment
- Module 5 Review

ST0006 HAZARD COMMUNICATION-YOUR RIGHT TO KNOW

Employees have a "right to know" about the chemicals that they are coming in contact with. This program meets OSHA requirements for employee training of material safety, data sheets, labeling, and information.

- Module 1 Written Plan, Definitions
- Module 2 Labeling, Flammables, Combustibles
- Module 3 MSDS
- Module 4 Review

ST0007 FIRST AID

This interactive program covers a wide range of topics including bleeding, animal bites, stings, shock, fainting, strokes, and all other topics necessary for first aid training.

- | | |
|--------------------------------|-----------------------------|
| Module 1 Basics | Module 9 Poisoning |
| Module 2 Universal Precautions | Module 10 Poison Plants |
| Module 3 Bleeding Control | Module 11 Seizures |
| Module 4 Burns | Module 12 Shock |
| Module 5 Cold / Heat | Module 13 Strokes |
| Module 6 Head / Neck | Module 14 Sudden Illness |
| Module 7 Bites and Stings | Module 15 Other Emergencies |
| Module 8 Musculoskeletal | |

ST0008 HAND AND POWER TOOL SAFETY

This is an excellent program to help reduce injuries when using hand and power tools. The program explains electrical safety, impact tools, wrenches, cheater bars, and miscellaneous safety when using hand and power tools. Safety behavior and attitude is emphasized.

- Module 1 Awareness
- Module 2 Wrenches
- Module 3 Power Tools
- Module 4 Protection
- Module 5 Safety Tips

ST0009 EYE PROTECTION SAFETY TRAINING

This informative program covers all aspects of eye protection, including proper use of protective equipment.

- Module 1 Natural Defenses, Hazards
- Module 2 Safety Glasses
- Module 3 Lenses, Face Shields
- Module 4 Basic First Aid
- Module 5 Safety Tips

ST0010 FIRE EXTINGUISHER SAFETY TRAINING

This is a great program for providing information on various classes of fires, types of fire extinguishers, the key word PASS, and other tips for emergency use of fire extinguishers.

- Module 1 Understanding Fire Extinguishers
- Module 2 Inspection
- Module 3 Types of Extinguishers
- Module 4 Fire Prevention
- Module 5 Using Extinguishers
- Module 6 Review

ST0011 BASIC ELECTRICAL SAFETY TRAINING

This program is designed to make students or employees aware of basic electrical safety in the workplace. It includes a review of safety requirements on plugs, cords, cables, disconnect switches, hand/power safety, and other electrical safety equipment.

- Module 1 Terms/Descriptions
- Module 2 Electricity
- Module 3 Grounding
- Module 4 Inspection/Hazards
- Module 5 Safety Tips

ST0013 SAFE LIFTING

This program describes proper lifting techniques, difficult conditions, hazards, use of back support devices, and more.

- Module 1 Injury
- Module 2 Mechanics of the Back
- Module 3 Muscles and Lifting
- Module 4 Lifting Methods
- Module 5 Lifting In Difficult Conditions

ST0014 PERSONAL PROTECTIVE EQUIPMENT

This program emphasizes the importance of using personal protection when required, including hard hats, gloves, eye protection, and other aspects of protective equipment.

Module 1 Awareness

Module 2 Hearing, Eyes

Module 3 Gloves, Respirators

Module 4 Hats, Shoes, Clothing

Module 5 Handling, Storage and Use

Module 6 Industry Issues

ST0015 HOW TO PREVENT SLIPS, TRIPS, AND FALLS

To promote awareness in preventing slips and falls, this program covers potential hazards, importance of proper maintenance and cleaning procedures, and many other aspects of slips and falls prevention.

Module 1 Awareness

Module 2 Physical Hazards

Module 3 Cleaning

Module 4 Hazards

Module 5 Footwear

Module 6 Engineering, Education, and Enforcement
